Lions Start Move To Widen Route 54 to State Line

Co. Engineer Gives Talk; Says Politics Doomed Klondyke Bridge

If state highway 54 is ever widened, citizens of communities along this important route must see that "public interest, convenience and necessity" of such a project is presented in a convincing manner to the highway division of the Department of Public Works and Buildings. That's what County Highway Engineer R. M. Lobdell told the Antioch Lions club at their semi-monthly dinner-meeting at Jim Hanrahan's resort Monday night.

Engineer Lobdell, who has been in charge of the county's highways for over 13 years, was the speaker at the meeting. He explained in detail the county road system, including the method of financing from direct taxation and from the state gas tax refunds to the county. There remain, Lobdell said, two unretired bond issues, but these are being paid from county income with funds to spare for maintenance and new construction.

Regarding the proposed widening of Route 54, Lobdell explained the proper procedure and stated that he would assist in gathering data and in making the proper presentation of the plan to the state highway department in Springfield.

Discuss Highway Numbers

There was some discussion of the changes made in route numbers, and it was pointed out that the local highway which formerly was Route 21 all the way from Chicago to the Wisconsin state line now has three numbers—21, federal 45 and state Route 54. A single route number from Chicago to this important area would be more desirable and more convenient for travelers, it is believed.

Before the building of Greenbay road and later the Skokie highway, the local road carried more traffic out of Chicago to the north and northwest than any other road with the exception of Sheridan road. The new roads relieved the congested travel on Route 21 somewhat, but it still remains the main thoroughfare to the resort section and points north.

Politics Dooms Klondyke Bridge

Chances of seeing the construction of the bridge at Klondyke under the Horner administration seem rather remote, according to Engineer Lobdell. The bridge plans were forgotten when certain of the assemblymen from (continued on page 8)

Woman's Club Invites Groups to "Men's Night"

Prof. Kuebler of Northwestern Will Be the Speaker

Invitations are being sent out by the Antioch Woman's club to all other organizations to attend the "Men's Night" program the club will sponsor Monday evening.

Prof. Clark Kuebler of Northwestern university is to be the speaker. Prof. Kuebler will discuss "Present Day International Relations," a subject to which he has devoted particular attention.

Mrs. Thomas F. Hunt, president of the Woman's club, announces that besides being welcome to attend the program themselves, the members of other organizations are also privileged to bring their husbands or wives, or friends who may be interested.

Other persons who wish to hear the speaker will also be welcome, she states.

The talk is to be given in the Antioch High School auditorium, at 8 o'clock.

Dinner with Civic Club

Members of the Men's Civic club have extended an invitation to members of the Woman's club and their husbands to join with them in their dinner meeting Monday evening.

The dinner will be held in the Methodist church at 6:30 o'clock. The time has been advanced from the Civic club's regular meeting hour of 7 in order that the members may be free afterward to attend the talk at the high school.

The wives of the Civic club members will also be guests at the dinner and will attend the talk with them.

It's TWO Thanksgiving Days for Antioch, Says Mayor Geo. B. Bartlett

The much-debated question of when Antioch will celebrate Thanksgiving (the village being practically on the state line of Illinois, which is to eat turkey on Nov. 23 by Governor Henry Horner's and President Roosevelt's proclamation, and Wisconsin, where Governor Heil stands pat for the traditional Nov. 30) has been settled.

"Antioch will celebrate BOTH Thanksgivings," proclaims Village President George B. Bartlett.

"And why not?" he asks. "We've got to have two Thanksgivings at my house. We're having relatives up from Oak Park, Villa Park and Elmhurst for Nov. 23. We also have some dissatisfied Republicans among our relatives, so we have to have another Thanksgiving on the following Thursday for them."

"We should be thankful that we live in a country where we have something to be thankful for," the mayor continues in a more serious vein. "And if folks want to have two Thanksgivings, I don't see why they shouldn't."

"We had two Armistice celebrations, several Halloweens. We might just as well have a couple of Thanksgivings. You know, out in Iowa their football team won a game on Thursday and celebrated till Tuesday. We can't let them have anything on us."

"Housewarming" Planned for New Lake Villa Gym

Public Is Invited to Inspect Building at a Party Friday Night

Affording the public an opportunity to inspect the new \$16,000 gymnasium at Lake Villa is the "housewarming" to be held there Friday evening.

This will be the first affair that has been held in the building, construction of which was begun only last July.

The Lake Villa Grade School Parent-Teacher association is sponsoring the event, and plans are being made to accommodate a large gathering.

One of Finest

The gymnasium is considered one of the finest of its type in this section of the country. It is now practically complete with the exception of installing stage equipment (it will also serve as an auditorium) and basket ball backboards.

The playing court is 40x66 feet, with built-in bleachers on one side and a stage, kitchen and check-room on the other.

The lower part of the brick wall is finished with interlocking celotex, and all lights are recessed in the ceiling.

In honor of the occasion, the P. T. A. is planning a program that will start with card playing at 8 o'clock, with a floor show later in the evening.

Both modern and old-time dancing will be arranged, with music by a well-known orchestra.

Later on, when the building is entirely completed, there will be a formal grand opening and dedication.

Funds for the construction of the gymnasium were raised entirely through a bond issue voted by Lake Villa residents early this summer. The project was completed from start to finish without benefit of WPA aid or any other governmental spending agency.

Its construction helps to give Lake Villa one of the finest elementary school plants in this locality.

Antioch Red Cross Workers Set Local Goal of 100 Members

Members of the Antioch Red Cross committee are busy this week with their annual Roll Call, which opened on Saturday, Nov. 11, and will end on Nov. 30. A membership goal of 100 persons has been set for Antioch.

Several additions have been made to the committee which is assisting Mrs. Walter Hills, chairman. At the present time it consists of Mmes. E. F. Vos, W. W. Ward, A. P. Bratrude, G. R. Bicknell, Paul Chase and D. N. Deering.

Mrs. William M. Marks of Lake Villa is the general rural chairman for the northern Lake county chapter, and is also acting as the Lake Villa local chairman.

P. T. A. Conducts Health Work for School Children

T. B. and Schick Tests Are Planned; Roundup Results Revealed

Tuberculosis and Schick tests will be sponsored for the grade school children by the Antioch Parent Teacher association, it was voted at a meeting held by the P. T. A. Monday evening in the grade school.

The tuberculosis tests will be made in co-operation with the Lake County Tuberculosis association.

The Schick tests will be administered to school children and also to those of one-year pre-school age.

Educator Speaks

Viggo Bobvbjerg of the School of Education in Evanston was the speaker. In his talk he took up various aspects of mental hygiene work, its value, and its application with regard to education.

Of the 125 families having children in the school, 29 are paid-up members in the P. T. A. at the present time, Mrs. J. B. Fields, chairman of the membership committee, announced.

Reports of summer roundup work given by Mrs. Lester Nelson, chairman for last year, and Mrs. Elmer Hunter, this year's chairman, revealed that 15 children now in the first grade were examined at the summer roundup on April 5.

Of these, 11 were in need of dental care; 10 of smallpox vaccinations; five needed tonsils and adenoids removed; four required diphtheria immunization; seven, to be corrected as to posture; two showed evidence of faulty nutrition, one a faulty habit, and two were in need of cod liver oil.

Progress Shown

A check-up made this fall reveals the following results:

Three children have completed their dental work and one is still having work done.

One child has received smallpox vaccination.

One has had tonsils and adenoids removed. (One child which showed no need of this at the time of the roundup had tonsils and adenoids removed during the summer.)

Four children will receive diphtheria immunization, through the help of the P. T. A.

One child's posture has been corrected.

The two in need of cod liver oil are being cared for.

Channel Lake Summer Resident Dies in Oak Pk.

Mrs. Ida Belle Potter, wife of Dr. Ward Potter of Oak Park and Channel Lake, died Friday in Oak Park following a long illness. Funeral services were held in Grace Episcopal church in Oak Park Saturday at 1:30 o'clock and interment was in Kenosha, Wis., where she lived with her parents before her marriage to Dr. Potter.

For the past 18 years the couple had been summer residents in Channel Lake Bluffs, and they were well known to many residents in this community. Their Oak Park home is located at 503 N. Grove street.

Council Considers Placing Water Main on Harden St.

At a special meeting of the Village council this evening, requests of property owners along Harden street to have a water main put in there will be considered.

The village has a number of "dead-end" mains it has been trying to do away with, proponents of the installation point out.

The placing of a main along Harden street would do away with the "dead-end" on Spafford street by connecting the Spafford main with the one on Victoria street.

Auto, Garage Owned by Robert Runyard Damaged

A garage and automobile owned by Robert Runyard, Park avenue, were damaged Monday morning when flames started by a back-fire in the car flared up to the ceiling of the building.

Neighbors helped to pull the car from the garage. The Antioch fire department was summoned to the scene and quickly extinguished the blaze.

Damage to the car was estimated at \$30, and that to the building at \$5.

THE WITCH'S BREW

MAY RUN FOR U. S. SENATE

Cong. Ralph E. Church

Chicago, Ill., Nov. 16.—After conferring with many Republican leaders throughout the state since his return from Washington, and months of pressing on the part of his friends, Congressman Ralph E. Church, Evanston, lone Republican representative in Washington from Cook county, today indicated he would make an early announcement concerning his decision on becoming a candidate for the United States Senate.

Acknowledged by all as a slave to duty, Congressman Church has maintained a five-year record of never having missed a session of Congress nor a single roll call, rising from a sick bed for the special session this fall. His thorough knowledge of events in Washington and the entire New Deal legislative program, make him the "up-to-date" candidate for service in the Senate, according to his admirers. In this period of world unrest and European War, they also point to his ranking position and long service on the House Naval Affairs Committee. He was in Oslo, Norway, this summer, as a delegate to the Interparliamentary Conference just prior to Germany's invasion of Poland. He heard Anthony Eden deliver his famous war speech in the House of Commons but he refuses to let emotionalism sway his opposition to American participation in this war.

Congressman Church served 16 years in the Illinois legislature. He was elected to Congress in 1934 and in 1936 carried his District by 18,000 votes against Roosevelt's 15,000 margin. The Democratic landslide in Cook county in 1938 failed to affect Church who rolled up a 40,000 majority. Although a Cook county man, living in Evanston and practicing law in Chicago, the Congressman comes from Vermilion county where he and three sisters still have large farming interests.

"Donkey Basketball" Game To Be Staged December 18

Hilarious entertainment for sports fans is promised by the "donkey basketball" game to be held by picked teams from the Antioch Lions club and the Fire department Monday evening, Dec. 18, in the high school gymnasium.

"Bud" Holtz, Lions club basketball manager, has already contracted for the trained donkeys to be ridden by the players.

The Fire department entertainment committee, composed of Herman Holbek, John Gaa, and Einar Peterson, is co-operating with Holtz in arranging for a full evening's program.

McMillen-Savoldi Headline Charity Wrestling Show

Silverstein Also on Card for PTA Milk Fund Show Tuesday

Two of the country's foremost grappling stars, both former All-American football players, Joe Savoldi of Notre Dame and Jim McMillen of Illinois, will headline the charity wrestling show to be presented by the Parent-Teacher associations of Waukegan and North Chicago next Tuesday night, Nov. 21, starting at 8:30 at the Waukegan high school gym.

The card shapes up as the finest ever presented in a Lake county ring, and all indications point to a capacity turnout. Proceeds of the show, over and above actual expenses, will be used by the PTA groups to purchase milk for the undernourished children in the public and parochial schools.

Savoldi, one of the ten top heavyweights in the wrestling game, is also one of the most colorful wrestlers in the business. He was a star fullback on two of the late Knute Rockne's greatest elevens. McMillen, likewise, was a great grinder in his intercollegiate days, winning All-American honors at the University of Illinois.

In the semi-windup of the charity show, Fred Grubmyer, the "Missing Link" of the heavyweight division, will grapple the one and only Ruffy Silverstein, unbeaten in three years of professional wrestling.

The two preliminary bouts will feature Johann Bromberg, German ace, against Fritz Krueger, and the powerful Mike London, hailing from Lodi, Calif., against Kid Chapman.

Tickets for the show are popularly priced at 60 cents for general admission and \$1.10 for the ringside chairs. The 85-piece Waukegan township high school band will entertain before the show and during the intermission, it was announced by the chairman of the PTA council.

Woodcrest to Hold Harvest Festival

Association to Raise Funds for Roads and Beaches on Channel Lake

Two dance orchestras, a turkey supper and general good time will greet guests at Louis Landrock's Dance-atorium this Saturday night, (Nov. 18) at the harvest festival sponsored by the Woodcrest Improvement association. Landrock's is centrally located on the west side of Channel lake. The dance and supper is to be the first of a series of similar events sponsored by the association to raise funds for the improvement of roads in the subdivision and also to improve one or more bathing beaches on Channel lake, according to Bert L. Traub, director in the association and manager of publicity for the events.

Other officers elected recently at the organization meeting were: R. P. McInnis, president; Art Trumbull, vice president; Mrs. Sarah Kreibel, secretary; Mrs. Fred J. Thies, treasurer.

At the first party Saturday night there will be dancing from 8 o'clock on and the supper will be served from 11 to 1 o'clock. Tickets are 50 cents. Everybody is welcome.

Joseph Rogan Hurt in Accident at Pikeville

The Antioch fire department's emergency squad was called on Monday afternoon to bring an automobile accident victim to an Antioch physician's office. The injured person was Joseph Rogan, who is employed on the Les Perry farm. An X-ray examination showed Rogan to be suffering from a broken ankle. He had also suffered the loss of several of his front teeth in the accident, which occurred Saturday evening at Pikeville Corners.

Trees Catch Fire on Property at Lake Marie

A "still alarm" by telephone sent one company of the Antioch fire department hurrying to Lake Marie Monday afternoon. Three large trees on property there were found to be burning, as a result of fires supposedly started by hunters. No damage was reported. The call was turned in by Mrs. Thomas Hansen.

Approach With Caution

Little imagination is required to recall the government enforced "bank holiday" of 1933. Business and industry lived in a state of suspended animation. Paychecks could not be cashed, bank accounts were frozen—in short, the man on the street learned almost instantly just how vital the banking industry is to the country.

According to the National Labor Relations Board, employees in 16,000 banks are subject to the "persuasion" of organized labor. Labor organizations, if the decision sticks before the courts, apparently have a rich field in which to operate, but will assume a heavy responsibility requiring an unprecedented degree of intelligent management and restraint on the part of men responsible for acts of labor. Nothing would damn the cause of labor more than use of "strong arm" methods to organize the banks.

Modern banks are a highly geared mechanism regulated by the public to serve the public. In a nation of 3,000,000 square miles and 130,000,000 inhabitants, their job is to keep the financial side of society a going concern. And the undisputable truth is that they have attained a degree of success unequalled in the history of mankind. Labor in its own interest had best approach the banks with caution!

Give Thanks

Thanksgiving approaches again this year, and on this occasion the presence of war abroad makes more important than ever our American habit of pausing for a day and counting our blessings. Even the difference of opinion this year concerning the date on which the event will

be celebrated points to something American for which we ought to be thankful—the democratic right to disagree about matters involving us solely as individuals.

What, in 1939, are some of the things for which we ought to be thankful? Surely it is worthwhile to pause in whatever we are doing at the moment and list some of the reasons we are glad that we are Americans.

We should be thankful, most of all, for two precious heritages our forefathers gave us, heritages that it is worth everything in the world for us to preserve. These two fundamentals are freedom and opportunity. They are characteristic of America in a manner and degree not matched in any other land.

We should be thankful, in a world at war, that we are at peace with all nations, and that there exists in this country public will to peace. We should be grateful for our system of representative democracy, which guarantees the fact that this public will to peace will be heeded.

We should be thankful for the high standard of living this country possesses; for the fact that its real wealth, which is measured in terms of automobiles and radios and the material objects that all Americans can use and enjoy, is more widely distributed than is that of any other nation. We should be even more thankful that the system under which we live is designed to raise those standards even higher in the future.

While other nations are at war, or remain precarious neutrals with armies poised on their borders, we in America look forward to a future growing before our eyes in the laboratories of industry, where new products and new services are being developed that will mean more jobs and payrolls.

But we must not merely be thankful. This opportunity is also an obligation. That obligation lies in our making every effort to use the advantages we have here to the utmost—not to be fainthearted, not to neglect the opportunities that exist here, not to abuse the freedom we are granted.

Thus Thanksgiving this year ought at once to be a day in which we count our blessings, and one on which we remember the responsibilities that are ours.

THE WORKS OF THE MESSIAH

LESSON TEXT—Matthew 9:14-27.
GOLDEN TEXT—Jesus of Nazareth... went about doing good.—Acts 10:38.

"Does it work?" Modern man is not impressed by a thing simply because great claims are made for it or it is intricately organized. After all, the important thing is, does it really work? Such a test can be carried to an extreme and the finest and richest things of life be thrown aside because they have no utilitarian value. But in general, the question is a good one, and especially is that true as it is applied to religious systems and philosophies of life. These claim to have power to deliver man from his sin and give him peace and rest. What we want to know is, do they actually do it, not only in the day of health and prosperity, but in the hour of death and devastation? The answer is that every one of them has failed and does fail, with the exception of Christianity, which comes "not in word but in power" (I Cor. 4:20). In Christianity is found the only real dynamic for daily living.

I. Personal Needs Satisfied (vv. 14-17).

This entire section of the Gospel of Matthew is concerned with miracles. It is interesting to note how many of these events concern personal needs. There is scant comfort to the needy one to speak to him in generalities about a great God who is ready to help people. When I am in need I want to know whether there is any help for me. Jesus healed Peter's mother in the home, and then He went out and healed multitudes in the throng, but in each case it was a personal interest which He took and a personal healing that was received.

Observe also that He met the need of all whether they were sick in body, mind or spirit. Someone may say, "That is all very well, but that took place when He was here on earth." Well, He is here now, working in and through the power of the Holy Spirit and in and through His children. The Lord Jesus Christ daily satisfies every need of His disciples, and often does so in ways which are miraculous in their sight.

II. Sacrificial Service Exemplified (vv. 18-22).

Following Jesus in discipleship is more than speaking sweet words of devotion or of taking part in the carrying out of some public worship ministry. To really follow Him is to "follow one whose vocation is such that there are incessant demands compelling the renunciation of home and the comforts of a settled life. Only the call of God can make one equal to the demands of such a hazardous life" (Edward E. Anderson).

Observe that even the demands which love may present on behalf of an aged father must not be permitted to stand between the disciple and his Lord. There is no thought of unkindness or lack of consideration here, for as our Lord points out, those who are spiritually dead, although still physically alive, may well be called on to care for the physical needs of an aged parent, even in the hour of death, if the Lord Jesus has work for His disciple to do elsewhere.

There is no thought of neglect of the duties of life, but rather of a placing of the Lord first, whatever else may take the second place. The blight upon many a Christian experience is that almost anything else which is of interest is allowed to take first place and the Lord must take second place if He is given any place at all.

III. Divine Power Demonstrated (vv. 23-27).

There are those in the world who are unable to see the workings of God's power in the spiritual realm because they themselves have not been spiritually born again (I Cor. 2:14). For these the Lord here presented the working of His mighty power in the realm of nature.

Satan, who is "the prince of this world" (John 14:30) had evidently whipped the waves of the sea into a mighty storm, possibly thus hoping to drown Jesus and get rid of his divine adversary, but the Lord Himself speaks in the majesty of His eternal power and we read that "there was a great calm" (v. 26). Even His disciples were strangely astonished that the very "winds and the sea obey Him." Yes, the forces of nature respond to His slightest word. The winds and the sea obey Him. But what is even more wonderful is that the turmoil of a man's soul becomes a great and blessed calm when this holy Lord Jesus speaks the word of peace.

Confused and troubled man or woman who reads these words, will you not now by faith submit yourself to the One who can speak to you, who can meet and satisfy every one of your needs, and who can give you the blessed privilege of sacrificial service on His behalf in a needy world?

FARM TOPICS

BIRDS BENEFICIAL TO FARM CROPS

Value of Food Habits Often Misjudged.

Some of the birds that save millions in crops each year are still misjudged by the farmer. The beautiful Baltimore oriole has been accused of damaging grapes and garden peas. But studies show that the oriole's food habits are largely beneficial. Caterpillars are its favorite fare, but it also eats quantities of plant and bark lice, ants, wasps, grasshoppers, spiders and weevils.

Farmers who tear swallows' nests from barn eaves are turning out their best friends. Swallows consume vast numbers of harmful flying insects and young birds in the nest often eat more insects than their parents.

Woodpeckers are often suspected of damaging trees by their drillings. Each hole drilled means that the bird has located the larva of a destructive wood-boring insect. Woodpeckers are among the most valuable forest conservationists and with their heavy bills they get insects that other birds can not get.

Fruit raisers often look on robins as enemies because of the robin's appetite for cherries, yet robins consume insects harmful to fruit crops throughout the year, and only during June and July do they eat cultivated fruit to any extent. One good way to keep robins out of the orchards is to plant mulberry trees near-by. Mulberries ripen at the same time as cherries and the birds prefer them to other fruits.

Bull's Pedigree, Looks, Poor Guides for Buyer

Dairymen who pick a bull only by his pedigree and appearance pick a good bull only one time out of three, but those who use proved sire records as a basis for selecting herd sires choose a good bull three times out of four, says Dr. J. F. Kendrick of the United States Bureau of dairy industry. These conclusions are based upon numerous records of breeding activities in dairy herd-improvement associations.

An example of a dairyman who depended only on pedigree and looks is cited by Dr. Kendrick. In 1925 the cows in his herd were averaging 320 pounds of butterfat a year. A new bull was purchased. Four years later the average herd production had been boosted to 354 pounds of fat for each cow. Another sire was added to the herd, chosen by the same method as the first. At the end of another four years the average herd production had dropped to 316 pounds. A third bull has not boosted the production average. Without proved sire records as a guide this dairyman picked only one good bull out of three.

Hog Mixture

A well-balanced grain ration and good legume pasture will bring the pigs through in fine condition after weaning. A grain mixture of 80 pounds corn, 80 pounds oats, 12 pounds tankage, 10 pounds soybean oil meal, 8 pounds cottonseed meal, 6 pounds alfalfa meal, and 4 pounds of minerals is recommended. The amount of oats in the mixture is gradually reduced as the pigs get older and replaced with corn until all oats have been removed. The alfalfa meal can be left out if the pigs have good legume pasture.

Getting the pigs started right and keeping them growing is the formula for success in hog raising.

Farm Purchases

Last year the federal land banks and the land bank commissioner made more than 6,000 loans to finance the purchase of farms. Loans averaged \$3,000 to \$4,000 each. They are limited to \$7,500 and can be as high as three-fourths of the value of the property. Borrowers are required to have experience, equipment and sufficient savings to finance at least one-fourth of the purchase.

Isolate New Animals

New farm animals should not be allowed to mingle with the home stock, but should be isolated for several weeks, authorities of the American Foundation for Animal Health declare. This will allow time for dormant diseases to manifest themselves and will prevent the spread of such diseases to other stock on the farm.

Manure Important

Barnyard manure should be well cared for. Use plenty of straw to soak up the liquid part and protect the pile from the weather and heavy drainage. Of the 10 pounds of nitrogen contained in a ton of average farm manure, about one-half is in the liquid, and is in such chemical combination that it is as easily lost by exposure to the air, with freezing or drying, as free ammonia would be. Neglecting care of manure is a common farm error.

Deadeye Gomez

Home in New York from a hunting trip to the New Brunswick woods, Vernon "Lefty" Gomez, pitching ace for the Yankees, holds the 60-pound bear cub he dropped with one shot. It should make a beautiful rug.

SOCIETY NOTES

Richard Wiltons, of Lake Villa, Celebrate Their Golden Wedding

A 5 o'clock family dinner with covers laid for 40 marked the celebration held in honor of Mr. and Mrs. Richard Wilton's golden wedding anniversary, Monday at their home in Lake Villa.

Both Mr. and Mrs. Wilton were born in Lake county, and they have lived their entire lives in this community. Their marriage fifty years ago took place at Wilmet, on Nov. 13, 1889.

Cards, gifts and flowers from friends and relatives helped to make their anniversary observance a joyous one.

Their two daughters, Mrs. Joseph Rymer and Mrs. James Banks, as well as grandchildren and numerous other relatives from Lake Villa, Antioch and other nearby communities, were among those who helped them celebrate.

Guest List

The guest list included: Mr. and Mrs. Joseph Rymer and daughter, Lucille; Mr. and Mrs. James Banks and daughter, June, and son, Richard.

Mrs. Josephine Herman, Mr. and Mrs. Charles Cobb, Mrs. Theresa Lewis, George Yopp, Robert Yopp, Mrs. Clara Wilton, Mrs. Carrie Wilton, Mrs. Selena Rymer, Mrs. Addie Zimmerman, Mrs. Blanche Kiefer, James Tazewell, Mr. and Mrs. William Tazewell.

Mr. and Mrs. Henry Kenyon, Mrs. William Fuller, Frank Tazewell, Mr. and Mrs. Sidney Vanderspool, Miss Grace Tazewell, and Paul Hammond.

The dinner was served by Mr. and Mrs. Wilton's daughters, assisted by the two granddaughters and Mrs. Vanderspool.

View Old Pictures

Callers during the evening included Mrs. Robert Wilton and sons, Mrs. Valerie Murphy, Ellen May Wilton, Mr. and Mrs. Andrew Cobb, Mrs. Eleanor Micheli and Mrs. Roberta Thompson.

Old photographs which the company joined in looking over were the inspiration for hilarious or wistful reminiscences during the evening. Cards were also played, and a light luncheon was served afterward.

LODGES, TALKS KEEP S. E. POLLOCK BUSY

S. E. Pollock attended Past Masters' night of Utopia lodge, A. F. and A. M., held in Chicago Tuesday evening. Before the meeting he was a supper guest at the home of Mr. and Mrs. William J. Ure at Burnside. Mr. Ure is a past master of Utopia lodge and is its present secretary.

The occasion was particularly delightful for Mr. Pollock in that it afforded him an opportunity to renew acquaintances at the lodge meeting with many of his former parishioners at Vincent's church, Chicago, where he was formerly the pastor.

Last Friday afternoon Mr. Pollock spoke before Riverside Garden club at a meeting held in the home of one of its Waukegan members, at 16 North County street.

In the evening, he addressed the members of the Salem Garden club at their meeting in Mrs. Hartnell's home. This Friday evening, Mr. Pollock will attend a 6:30 o'clock dinner meeting to be held by the Lake Forest White Shrine chapter, of which he is a member.

Mr. Pollock, who is a past master of Sequoit Masonic lodge, is also planning to attend an installation to be held by the Antioch lodge of Millburn on Dec. 16, two days before the Sequoit lodge's installation, on Dec. 18.

SOL LA PLANTE HONORED ON HIS 85TH BIRTHDAY

Cards, messages, gifts and visits helped to convey the felicitations of friends to Sol LaPlante on his eighty-fifth birthday anniversary, celebrated on Sunday, Nov. 5.

A family gathering was held at the home during the afternoon and evening. Among those who attended from away were Mr. and Mrs. Joseph O'Beirne, Mr. and Mrs. Leonard O'Beirne, Mr. and Mrs. Samuel Fryman, Mrs. Pauline Notling, Miss Mildred LaPlante and Lillian Overton, all of Chicago.

On Monday evening Sequoit Masonic lodge, of which Mr. LaPlante is a past master, held a surprise party in his honor at his home.

ST. GILBERT'S EXPECTS MANY AT FALL DINNER

About 500 persons are expected at the ninth annual fall chicken dinner of St. Gilbert's church in Grayslake, according to the committee, which consists of Mmes. Dennis Cavanaugh, Fred Brawley, Warren Chard, James Murphy, Joseph Birong, Albert Obenaus and George Brandstetter. The dinner, which is served in "country style," will be held Sunday afternoon from 1 to 4 o'clock.

Costly Progress

It will cost \$17,500,000 to relocate a railroad whose tracks will be flooded by the new Shasta dam in California.

CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 12.

The Golden Text was, "Henceforth know we no man after the flesh" (II Corinthians 5:16).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "As for man, his days are as grass; as a flower of the field, so he flourisheth. For the wind passeth over it, and it is gone; and the place thereof shall know it no more. But the mercy of the Lord is from everlasting to everlasting upon them that fear him, and his righteousness unto children's children" (Psalms 103:15-17).

The Lesson Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is co-existent and co-eternal with that Mind. He has been forever in the eternal Mind, God; but infinite Mind can never be in man, but is reflected by man. The spiritual man's consciousness and individuality are reflections of God" (p. 536).

Next Sunday, Nov. 19, the Lake Villa church will be host to 100 or more boys and faculty members from Allendale.

During the worship hour the boys will present a gift to the church and a presentation service is being planned for the occasion. The Lake Villa Junior choir of 14 voices will sing and the Allendale boys' choir featuring a boy soprano will sing two numbers. The theme for the morning sermon to be preached by the Rev. Allen will be "Walking in the Shadows." The church sends out a special invitation to all mothers and fathers in the community to attend this service and encourage the young people in their religious lives.

The Primary department of the Sunday school will have an autumn party at the church basement next Saturday from 2 to 4 p. m. and all the children from 4 years up to and including the third grade are invited.

The Misses Dorothy Hughes, Verda Stewardson and Audrey MacDonald of Kewanee, and Miss MacDonald's father, of St. Louis, spent the week-end at the home of Mr. and Mrs. Carl D. Hughes.

Mr. and Mrs. Henry Holzrichter left Tuesday morning by motor for Cocoa, Florida, where they will spend the winter. Mr. Holzrichter, who is the proprietor of the Old Orchard Inn on Highway 54, plans to conduct a tourist home at his Florida residence, which is located on the beautiful Indian river. The Old Orchard Inn will be kept open during the winter. In the absence of the Holzrichters, other members of their family are to have charge of it.

Willard Murphy, proprietor of the Midget Eat shop, is reported to be resting comfortably after the appendicitis operation he underwent Monday. "Bill" was taken ill Sunday evening, and was removed to St. Therese's hospital. His mother, Mrs. Rose Boyd of Round Lake, who is a trained nurse, is caring for him, and also assisted in the operation. During Murphy's absence, his assistant, Donald Axtell, is working both shifts at the restaurant.

Aged Resident of Richmond Succumbs

George A. Osmond, 84, a veteran business man of Richmond, died at his home in that village Tuesday morning following a long period of ill health. He was born in New York, and came to Richmond when 10 years old. In young manhood he worked with Cole brothers in the Richmond Mill. Later he started a grocery store which he operated until about 12 years ago when he retired.

He is survived by his wife, and one son, Nason, of Oshkosh, Wis. He was a brother of the late William H. Osmond of Antioch. He was the last of a family of four children born to his parents.

Funeral services were held at 10:30 o'clock this morning at the Community church and interment was in Richmond cemetery.

Story of Pioneer Pastor is Told for Friendship Circle

The story of a "Parish in the Pines" of northern Minnesota back in the days of the Indian fur trade was dramatically re-told by Mrs. C. F. Kerr, Woodstock, in her review of Lois Hagen's best-selling book Thursday evening before the Antioch Friendship circle.

A number of Woodstock guests were present at the meeting, held in the home of Mrs. B. R. Burke. Among them were Mrs. Thomas Murphy, Mrs. George Behler, Mrs. H. E. Shepard and Miss Pearl Herrin.

Mrs. Kerr, who is the wife of the Rev. Clarence F. Kerr, pastor of the Woodstock Baptist church, described the book in a way that enhanced its interest. The hardships of a pioneer pastor's life, and its joys, were brought out vividly in her account.

After the program, refreshments were served to the 30 persons attending by a committee that included Mmes. Burke, Frank Harden and Homer B. Gaston.

A Christmas party at the home of Mrs. V. B. Felter, Lake street, will be the main feature of the circle's next meeting.

Mrs. Robert Hunter, Richmond, is spending the winter months with Mrs. Clara Westlake, 960 Victoria street.

COUNTY SEAT NEWS

Waukegan, Ill., Nov. 15—The annual cribbage tournament which will run all winter at the Elks' club drew a record-breaking crowd of players last evening.

Nov. 15—Statements that downtown Waukegan merchants intend to organize opposition to the city council's action of cutting two firemen and four policemen from the payroll were declared unfounded on fact. Meanwhile the American Business club of Waukegan voted unanimously to adopt a resolution offering the organization's support to any workable plan which will restore adequate police and fire protection to the city.

Nov. 14—Impetus to the possibility that the proposed million dollar grade separation at Twenty-second street, North Chicago, will be constructed has been supplied by a tentative agreement on engineering costs which has been reached by the North Shore Line and the state.

Nov. 13—The city will pay half the cost of opening the schools at night, according to a compromise agreement on the matter of using school gymnasiums for recreation activities. The compromise plan was to be submitted to the grade school board of education Wednesday evening.

Nov. 13—Waukegan's municipal garbage disposal system is one department that is kept within its budget. Savings amounted to 15 cents per family served for the year ending Oct. 1, as compared with the previous year.

Nov. 11—The construction of a field house at Belvidere park at a cost of \$12,576.97 was approved by the Waukegan Park board last night. Work will begin Monday.

Nov. 11—A total payroll of more than \$5,200,000 will be paid by Waukegan and North Chicago industries for the last quarter of this year, according to a survey that has just been completed.

Nov. 10—Six local race horse handbooks, clients of the Moses Annenberg service, which has been operating in the Waukegan-North Chicago area, were cut off the ticker service of the Illinois Bell Telephone company yesterday.

"Milt" Herth to Be at Kenosha Theatre Sat.

Milt Herth and his "Swingmasters" famous N. B. C. artists are coming to the Kenosha theatre, Kenosha, Saturday and Sunday, Nov. 18 and 19, together with five headline acts of vaudeville. Herth, who used to awaken swing fans all over the country to hear his "Omar, the Swingmaker" radio programs on N. B. C., comes to Kenosha from Chicago. While in Chicago, Herth and his Swingmasters—a group which includes drums and piano as well as electric organ—were starred on the stage of the Chicago theatre for two weeks, and also were featured for a record-breaking four-and-a-half-month engagement at the LaSalle hotel. Following the stage engagement at the Kenosha, the trio will head its way towards Hollywood, where it is scheduled to appear in a feature film production.

Herth, praised recently by Winchell, is Kenosha's own "local boy makes good." He is returning to Kenosha after achieving N. B. C. radio, stage, and recording fame, and it is anticipated the townspeople and many from surrounding territory will be on hand to welcome him.

The film attraction for Saturday and Sunday will be the newest and latest of the Bumstead exploits, "Blondie Brings Up Baby," with Penny Singleton, Arthur Lake, Larry Sims, and Daisy.

Divorce in Canada
The steady increase of divorce in Canada is attracting the attention of sociologists and statisticians of the Dominion. The figures steadily mount. In 1918, there were only 114 divorces in all the country. In 1928, the figure had risen to 783 and in 1938, to 1,883.

"Schlacht-Fest to Be Held at 'The Roundup'"

Those who like the old-fashioned festivals, with their heartiness and fun, will be delighted to learn of the genuine "schlacht-fest" to be held by Mr. and Mrs. A. K. Mueller at their place, "The Roundup," one mile south of Antioch on Highway 54, this Saturday night.

Rivalling the famed Swedish "smorgasbord" will be the display of "eatables" to be heaped on the long table that will do duty for the affair—a variety of delicious home-made sausages, including "blut-wurst" and liver-wurst, meats, sauerkraut, fried sausages, boiled potatoes—in fact, all the appetizing adjuncts of a hearty autumn feast.

Dancing will be enjoyed later in the evening. Mr. and Mrs. Mueller plan to keep their place open all winter.

County Tax Rate to Be Increased 1 Cent This Year

An additional \$9,000 tax levy will be made by the county for the fiscal year Dec. 4, 1939-Dec. 4, 1940, for lands, quarries and right of way costs. The county tax rate for all purposes will be increased 51 cents on each \$100 valuation this year, according to information given the county board of supervisors by David Van Patten, finance committee chairman. Last year's rate was 50 cents.

Post Office Hours
Holiday hours will be observed at the Antioch post office on Thursday, Nov. 23, Postmaster Horan announced. The post office will be open from 5:15 to 9:15 a. m., but there will be no deliveries.

Dutch-Belgian Arbitration Bid Lost in Beer Hall Excitement; Fear of Nazi Invasion Mounts

Released by Western Newspaper Union.

STEEL MILLS BLOSSOM AT GARY, IND.
Some industries expand; neutrality stifles others.

TRADE & INDUSTRY

Repeal of the U. S. arms embargo, which keeps American ships out of combat zones and allows belligerents "cash and carry" rights, not only set off a partial business boom at home but also brought major repercussions in world diplomatic, trade and maritime circles. A survey by the Northwestern National Life Insurance company showed luxury and semi-luxury goods began moving swiftly in September, but Federal Works Administrator John Carmody spikd any boom hopes: Only 500,000 of the 9,000,000 unemployed can expect new jobs.

There was cautious expansion in U. S. industry, where building awards for October totaled \$49,910,000 against \$12,814,000 a year ago. Many firms announced stock dividends payable in December. Railroads, which coupled their expansion with a plea that they might be permitted to operate without government interference in times of emergency, were offered a new recovery program by Jesse Jones, federal loan administrator. This plan, used first by the Boston and Maine line, calls for postponing debt payments and reducing annual interest charges through a refunding process to be financed by Reconstruction

Finance corporation. The government restricted foreign commerce in some quarters and expanded it in others. Approved was a new reciprocal trade pact with Venezuela, "freezing" tariff schedules on exports of wheat flour, oatmeal, lard and lumber. In return, the U. S. will reduce import taxes 50 per cent on Venezuelan crude petroleum.

Meanwhile, an inter-administration squabble flared over the U. S. maritime commission's transfer of more than 40 ships to foreign registry as a means of avoiding the ban on American shipping in belligerent zones. Secretary of State Cordell Hull objected, not because the step was illegal, but because it would violate the integrity and spirit of the neutrality law. Commented Maritime Commissioner Max O'Rell Truitt, "I don't see any element of a dodge at all; I think it's a completely sound, bona fide situation all around." President Roosevelt finally decided against the transfer, promising to change his mind later if tension eased. Meanwhile, C. I. O.'s maritime union estimated 10,000 U. S. seamen were thrown out of work by the neutrality provision banning nationals from combat zones. (At Washington the President consulted A. F. of L.'s William Green and C. I. O.'s John Lewis on this problem, also discussing the chances for labor peace.)

Trade with belligerents zoomed. Even Switzerland, minus a navy, chartered two ships. The state department warned shippers to demand cash from their foreign customers, and the cash was apparently forthcoming because Britain's parliament rushed through a billion dollar fund to carry on the war.

EUROPE:

Cause Celebre?

"This," said Prime Minister Chamberlain, "is not a state of war but a state of siege." He was not far wrong. The French claimed nine of their U. S.-made planes had downed one-third of a 27-plane German force over the western front. There was also a mysterious battle in the North sea from which the

WILHELMINA AND LEOPOLD
Their peace exploded.

Ark Royal reportedly limped home with a captured vessel. But, as usual, the biggest war news was made far from the front.

Some 20 Nazi divisions stationed on their frontiers worried Belgium's King Leopold and The Netherlands' Queen Wilhelmina. Moreover, they heard rumors that Adolf Hitler would invade on November 15, claiming as an excuse that the allies would do likewise if Germany didn't invade first.

Though steadfastly denying any German "ultimatum" for a statement of their positions, the king and queen held all-night consultations with their foreign ministers. Result: A peace appeal was dispatched to all combatants offering Belgian-Dutch mediation services. Britain rejected it politely.

Fuehrer Hitler was less polite. Not waiting to reply directly, he hastened to the beer hall at Munich where his notorious *putsch* took place in 1923. There, on Nazism's sixteenth birthday, he scorned peace: "There can be only one victor—that is we."

Hardly had Hitler left the beer,

hall before a mysterious blast in the empty attic upstairs sent its heavy ceiling crashing on the hangers-on who had stayed behind. Next day, while the Nazi press railed at Jews and the British secret service as "instigators" of the plot, the Wilhelmstrasse offered a \$200,000 reward for capture of the perpetrators. While seers wondered if the Munich explosion might not prove another *cause celebre* like Sarajevo or the Peiping bridge incident, pro-Hitler sentiment began crystallizing in Germany. Dead as a dodo was the Belgian-Dutch peace plea; in fact, the Dutch opened their dykes in self defense following border clashes that smelled suspiciously like those before the Polish invasion.

CONGRESS:

Committee Time

Home to the stamping grounds went most senators and congressmen when the special neutrality session adjourned. But between sessions is a fine time for committee hearings. Still in session is Martin Dies' un-Americanism group, ballyhoing for another appropriation. Two other groups, working out legislative suggestions for next January's term, are:

House Tax Subcommittee. Opening its hearings under Tennessee's Rep. Jere Cooper, the committee talked about broadening income tax bases. But there was a disinclination to offer concrete proposals. It was announced final determination of a program will await the opening of congress. Two official reasons: (1) The treasury is studying taxes, soliciting suggestions from business and industry; (2) National defense needs for the next fiscal year are not yet known. Besides, the committee is wondering about taxes on excess war profits, not knowing where to turn. Equally important, how would tax revision be received in an election year like 1940?

(At Washington, Secretary of the Treasury Morgenthau told reporters any initiative for raising the U. S. debt limit above \$45,000,000,000 must come from congress, not from himself or the White House. Present debt: About \$41,000,000,000.)

NLRB Investigating Committee. Deferring hearings until its Chairman Howard Smith (Dem., Va.) gets well, the house labor committee found new kindling for its campaign against the labor board in a new strike technique, the "slowdown." Defined Ohio's Rep. Harry Routhohn: "The slowdown is almost the same as the sitdown." Its origin, he said, could be traced to the northwest lumber camps, thence to the recent Chrysler strike.

AGRICULTURE:

Cotton and Wheat

Three items made news for cotton and wheat farmers as November got underway:

(1) With 10,100,000 bales of surplus cotton stored under government loan, and with an 11,845,000-bale crop (slightly less than 1938) forecast for this year, the agriculture department announced loans based at 8.3 cents a pound on seven-eighths inch middlings would be available to 1939 growers who planted within their acreage allotments. A week earlier the loan program seemed stymied by increased cotton consumption thanks to the war.

(2) The bureau of agricultural economics forecast the same wheat acreage for 1940 as for 1939, i. e., 64,600,000 acres, which would produce about 760,000,000 bushels of spring and winter wheat. But next year's yield will be under par unless unusually favorable weather comes along. Reason: Drouth has already damaged much seeded winter wheat beyond recovery.

(3) Closing its first year, the federal crop insurance corporation was sad. Having taken 6,769,120 bushels of wheat as premiums from 165,551 farmers, the corporation had claims from one-fourth its customers. Indemnities paid, totaling 9,461,730 bushels, brought a loss of about \$1,885,000.

RUSSIA:

Unhappy Birthday

Twenty-two years ago a bloody revolution gave birth to the U. S. S. R. Only a month ago Soviet Premier Viacheslav Molotov showed Russia's strapping maturity by denouncing President Roosevelt's intervention in the Finnish-Russian scrap. When Moscow began its three-day anniversary celebration, Premier Molotov again slapped the

HANS THOMSEN AND WIFE
Most radiant of all.

U. S.: "... in the case of certain countries neutrality only serves as a mask to conceal their activities..."

On that same day in Washington, the Soviet embassy decorated Lenin's statue with red roses, assembled Scotch whisky and Russian soda, green sherbet in crushed raspberries, and cakes smothered in rum sauce. Awaited were the guests to help Charge d'Affaires Dmitri Chuvakhin celebrate. But he was embarrassingly disappointed.

Absent were all Supreme court justices, cabinet members, senators and high ranking state department officials. Only China, Turkey and Ecuador sent their diplomats. Only prominent New Dealers: NLRB's Edwin Smith, SEC's Leon Henderson, and Mrs. Thurman Arnold, wife of the assistant attorney general. Most beaming visitors: Hans Thomsen, German charge d'affaires, and his pretty wife, accompanied by four staff members. Next day observers noticed Franklin Roosevelt had sent the U. S. S. R. no message of congratulations.

POLITICS:

No Ham, No Eggs

The tumultuous 1930s have brought an unprecedented thirst for security taking form in unorthodox pension schemes. Most schemes were born in California, like Townsendism and EPIC. In November's elections two more panaceas went down to defeat, but there were signs many a politician might follow them.

Ohio's Rev. Herbert S. Bigelow promised to "continue the fight" for his badly snowed-under plan to give all persons over 60 a pension of \$50 a month via state income tax and a levy on real estate.

In California died "ham-and-eggs," the scheme to give \$30 every Thursday to everyone over 50. It even trailed in Los Angeles county, its birthplace. One reason: Gov. Culbert Olson had fought ham-and-eggs by promising "useful and productive employment" to all who wanted it, as a reward for defeating the plan. As pension leaders began a recall move against Mr. Olson, the governor soothed them: "This defeat doesn't mean that California is against the further development of sound social security..."

Other results: In New York, voters ignored Mayor Fiorella LaGuardia's protest by legalizing pari-mutuel race betting. Tammany won most local elections, while Republicans won a single upstate congressional race. In Kentucky, New Dealer Keen Johnson succeeded Sen. A. B. Chandler to the governor's chair. In Pennsylvania, Boies Penrose II, a Republican, lost a congressional contest.

Divorcee Pleads With Governor to Decide Her Name

Wants to Marry Again and Finds Two Names Are Embarrassing.

HOLLYWOOD.—Nancy Pierson Brooks Macy Brill, who says she is known by two names in two states—and finds it "embarrassing"—wants the help of Governor Culbert L. Olson to settle things so she can marry again.

For two years she said she has been known in California as Mrs. Macy and as Mrs. Brill in Nevada and elsewhere. So she is asking Governor Olson for help in determining to whom she is married and what her legal name is. She has petitioned for action on an appeal from the annulment which William Hunsaker Brill III, wealthy young sportsman, obtained of their Yuma marriage nearly two years ago. The appeal has been in the courts for more than 18 months.

She Got a Divorce.

Mrs. Brill in 1934 married Henry Macy III, scion of the New York department store family. The following year she went to Reno, Nev., established residence and obtained a divorce from Macy who did not contest the decree, but who had an attorney present to insure its validity.

In March, 1937, after a whirlwind courtship, Mrs. Brill married Brill. Shortly after the marriage Brill filed suit for annulment of the marriage on the dual grounds that he was intoxicated at the time the ceremony was performed and that Mrs. Brill's divorce from her previous husband was invalid.

Judge Edward Henderson, after having the case under advisement for several months, granted Brill the annulment on the grounds that Mrs. Brill had not been a bona fide resident of Nevada at the time she divorced Macy.

Court Takes No Action.

Mrs. Brill said her attorneys then filed an appeal with the state supreme court challenging the right of a California judge to rule on the validity of her Reno divorce. Mrs. Brill continued:

"There has been no action on my case since then, and I want to know who I am.

"It is very embarrassing and humiliating not to know my own name. Some people call me Mrs. Macy and others call me Mrs. Brill and I don't know which name to use or how to get out of this difficulty."

Canada Hopes to Create New Potato Varieties

FREDERICTON, N. B.—Disease-free potatoes which would mean the saving of millions of dollars in Canada are believed not to be far distant, several promising strains having been developed at the Dominion experimental station here.

"The present year will see further expansion in the development of potatoes resistant to mosaic and other diseases," said C. F. Bailey, superintendent of the station. "Promising seedlings have been developed and we hope to have enough seed to send out to experimental stations in other parts of Canada."

The new varieties of potatoes which have been developed by the Dominion plant pathological laboratory, working in conjunction with the experimental station, will be tested exhaustively before there is any distribution.

It was said that it will be two or three years before it is possible to complete tests and development and recommend a variety to Canadian growers.

Boys Pay for Damaging Outline of Stone Giant

LONDON.—Five youths were fined \$7.50 each for damaging the "Long Man of Wilmington," 240-foot giant outlined in stone on Windover hill, Sussex.

It was said that the boys took stones from the Long Man and threw them down the hill.

The largest representation of the human figure in the world, the origin of the Long Man is a mystery. Legends credit ancient artists with the work. Theories differ as to whether the figure is meant to represent Balder, Beowulf, or St. Peter.

Lucky Ohioan Survives Fourth Lightning Bolt

KENTON, OHIO.—Charles Brown, onion jobber, has been struck by lightning four times—and still can talk about it.

Most recently, he was knocked unconscious and his right side was partly paralyzed by a bolt.

It all started nine years ago when he looked out a barn door and was hit by a bolt. Four years later, he was struck while standing among a group of men. Last September, the third bolt hit him as he was driving.

Auto Thief Is No Angler And Owner Is Thankful

CLEVELAND.—Patrolman James Fausek missed his week-end fishing trip, but he still has his \$50 worth of fishing equipment.

He parked his automobile to make a store purchase. When he returned the car was gone. Two days later a zone car found the stolen vehicle. The fishing tackle was intact in a rear seat.

Patricia Merfield, Hollywood visitor at Sun Valley, Idaho, makes a dashing picture as she executes a leap on skates that apparently takes her over the rugged Idaho mountain tops, thus ushering in a new winter season of outdoor sports in the northern states.

As Germany Faces Self-Encirclement

Fear of encirclement by foes self-avowedly led Adolf Hitler to his policy of aggression. Now he himself has completed an iron ring around the Reich. Figures 1, 2 and 3 show the new sphere of Soviet influence; (4) Yugoslavia friendly to allies and close to Italy; (5) Italy has chilled toward Berlin; (6) Switzerland is ready to fight to maintain neutrality; (7, 8, 9 and 10) the western front, with Belgium and the Netherlands rigidly neutral; (11) North sea blockade by Britain; (12) Scandinavian countries neutral but friendly to allies.

Poilus in Action Near Siegfried Line

French infantry and machine gunners are shown in action under covering fire of their tanks during recent encounters in the German territory near Saarbrücken, adjacent to Germany's west wall, or Siegfried line.

Convicted Pastor Fights for Life

Rev. Walter Dworecki, Camden, N. J., preacher, sentenced to die in the electric chair, is getting another chance to prove his innocence. The pastor will appeal his sentence, given him when he was found guilty of plotting the murder of his daughter, Wanda, who was slain by a stranger who testified Dworecki hired him to commit the crime. He is shown receiving a final embrace from his daughter, Mildred. The appeal automatically postponed the execution date, originally scheduled for the week of November 12.

County Jobless Get More Cash During October

Jobless workers in Lake county received approximately \$15,300 in Unemployment Compensation benefits during the month of October, State Director of Labor Martin P. Durkin announced today.

Unemployed workers now getting benefit payments are receiving from \$7 to \$16 a week. The amount is based on the worker's earnings in insured employment during 1938.

"Most of the money paid to unemployed workers through Unemployment Compensation goes immediately into the channels of trade and commerce of their home community," said Director Durkin. "The greater part of every benefit check is spent for food, rent, clothing and similar necessities."

Only those workers who are totally or partially unemployed and who have earned at least \$225 in insured jobs during the year 1938 can qualify for benefits between now and March 31, 1940.

Ordinarily, jobs in commercial and industrial businesses which employ eight or more persons are insured under the Illinois Unemployment Compensation law. Farm workers, domestic workers in private homes, government employees, the workers in certain other groups are not insured. All persons making claims for Unemployment Compensation benefits must be available for work and able and willing to work, and must register at the Illinois State Employment Service office that serves the area in which they live.

Japanese Synthetic Gas
Synthetic gasoline in Japan costs three times the market price of imported gasoline, says Industrial and Engineering Chemistry. The Japanese government subsidizes the synthetic product, the supply of which thus far does not exceed 10,000 gallons a month. Production is slated to be increased by 2,900 per cent within the next three years.

Somebody was just accusing us of talking back to the radio. We don't but we'd often like to. Especially when it comes to those programs where somebody says—"don't wait, don't delay. Go right out now and order a can of goods from your (grocer, druggist, hardware store, beauty shop, tobacco store, service station.)" Yeah, break the door down.

We wonder if anyone else besides us has noticed the over-use of the word, "Yes!" for emphasis by the radio announcers—It's getting so they're just a bunch of "yes-men."

This European war situation reminds us of a poker game where everyone sits around "calling" the other guy's hand. It would be almost funny if it weren't for the senseless tragedy of it—loss of lives, heartaches, and destruction of property that represents a great deal of human toil.

Curious that Europe should always be in such a ferment—they haven't had a day of real peace over there since the last war ended—while North and South America with their many powerful nations get along quite placidly. Maybe there's a different attitude on this side of the hemisphere. Europe holds war as a goal and all the countries over there direct their efforts accordingly. Over here, peace and the brotherhood of man have been the ideals for us and our neighbors.

If you spend your money on the luxury of war, you cannot use it to buy the bread of peace, too.

And no matter who is the aggressor or who is the "winner," nobody wins in a war. We learned that lesson about 20 years ago.

From the looks of things, the European nations act as if they were afraid they were going to learn it, too. And it's about time.

Glipped on Main street Tuesday a. m.—Charlie . . . strolling about in his shirt sleeves, with said sleeves rolled up. Just a flirtn' with pneumonia.

J. C. James, local real estate man, reports having seen four small fires around the lakes during the past few days—all of them due to carelessness. Hunters, and other visitors to our lakes area—help us to keep this region, your pleasure ground, beautiful by guarding against damage through inadvertent acts on your part! And we hope you'll enjoy your stay and come back often.

A real "winter wonderland"—or perhaps, rather, a fall wonderland—is the interior of S. E. Pollock's greenhouse on North Main street right now with its blooming banks of chrysanthemums.

A radiant golden "mum" with which the greenhouse won a third national award ten years ago is among its many "old standbys" that have blossomed forth in unusual beauty this year. Red-and-gold mums with petals that are red on top and gold beneath, creamy whites, Thanksgiving-y bronzes and sunny yellows are some of the others . . . To say nothing of tiny button

Republican Lake county refused to become rubber stamps for some of the Governor's pet schemes. Thus politics entered the picture and the Governor saw fit to spend taxpayers' money in greener vote-getting pastures.

Only one small ray of hope is seen for early construction of the bridge, the speaker said. The state park now being built just west of the chain of lakes and in close proximity of the proposed site of the bridge, is rather an isolated location so far as important highways are concerned, and it may be that the present state highway department may look with favor upon the early construction of the bridge in order to facilitate easy access to the park.

Would Facilitate Traffic
A good surfaced highway was constructed by the county some years ago leading to the proposed site of the bridge on both the east and west sides, and the building of the bridge which would complete the last link in the important thoroughfare was a cherished dream of the county board of supervisors and many citizens of the chain of lakes country. While there has been some objection to the building of the bridge from business interests, it has been pointed out that the completion of the highway would bring considerably more traffic through the region which in turn would result in increased business for resorts and other business places in the vicinity of the road. The cost of the bridge has been estimated at \$110,000.

Show Travel Pictures
Another entertainment feature of the meeting besides the fine duck dinner served by Mr. and Mrs. Hanrahan, was the showing of travel films and the making of safety glass by a representative of the Ford Motor company. The films were shown through the courtesy of W. A. Rosing & Son, of Antioch. The club again elected Bud Holtz as manager of the basketball team.

chrysanthemums, and others all the way between the two extremes.

The chrysanthemums this year seem to be exceptionally beautiful. Mr. Pollock admits—and the delighted exclamations of visitors help to support his opinion.

Add, signs of winter—a hard working man on a ladder (John Gaa, to be specific) getting all sorts of advice, encouragement and so on from an admiring gallery of kibitzers while he put storm windows on the upstairs window of the Klein building. Irving Elms helped out by holding the ladder. The others present were more "the executive type," and confined their aid to the verbal sort.

Libertyville had a pretty big celebration recently in honor of the village's being out of debt. And a lot of local folks have been going around pretty proudly ever since—Antioch has been on a cash basis for the past ten years.

Now that Mayor George B. Bartlett (Republican) has given the official o. k. to Antioch's having two Thanksgiving dinners where there was only one before, Postmaster James Horan (Democrat) says he, James, is putting in his bid for the one at which the biggest turkey will be served at the mayor's home. A practical guy.

Alfred W. Dubs, Jr., Is Victim of Auto Accident

Antioch friends of Mr. and Mrs. Alfred W. Dubs, 830 North avenue, Waukegan, heard with sorrow of the death of their son, Alfred W. Dubs, Jr., for whom funeral services were held Tuesday afternoon at 2 o'clock in the Waukegan Methodist church.

Alfred, Jr., who would have been 22 years of age on Dec. 21, was killed instantly when a car in which he was riding with several other students from the University of Michigan went out of control and crashed into a tree early Sunday morning.

Dubs was a law student at Michigan. He was a graduate of Waukegan Township High school, a winner of the Pershing award at Fort Sheridan in the White course conducted there during the summer of 1936, and studied for two years at Lake Forest college before going to the University of Michigan, where he received his Bachelor of Arts degree last summer. He and his parents were well known in Antioch.

J. B. Rotnour Company Packs 'em in at Crystal

Crowds continue at the Crystal theatre every Thursday night where the J. B. Rotnour company is offering splendid productions of the spoken drama with a larger cast of players than has ever appeared in the company.

Tonight the company presents "The Trail of the Lonesome Pine," a play leased to Mr. Rotnour for his circuit. Next week a new comedy drama will be offered, "Bound for Hollywood." The play introduces the artist, his model, the grand old housekeeper, a lovable old Scotchman, a comical constable, the man from Hollywood, and others. New vodvil every Thursday night. Free merchant tickets may be had from any firm listed in the Crystal ad.

Long Way to Tipperary
William Bolster, who has more miles to his credit than any other postal worker in the Irish Free State, has retired on a pension. As he made his rounds in Roscrea, he often sang the famous war song, "It's a Long, Long Way to Tipperary," where he has walked a long way without leaving home. In his 52 years of service he has traveled a distance equal to 12 times around the globe, and has delivered about 12,000,000 letters.

Resorts Hail Approach of Thanksgiving with Parties

Entering into the Thanksgiving spirit, many resorts of the lake region are greeting the holiday's approach with parties and turkey dinners. Mr. and Mrs. Peter Tass will celebrate the opening of their New Palace inn on Route 54 with a party on Saturday evening. A turkey dinner will be served and there will be special prizes.

At the Pre-Thanksgiving party to be held at Adolph's Channel Inn on Route 173, Van's Kings of Rhythm orchestra will play for dancing. Eddie Stewart will act as master of ceremonies, and a turkey dinner will be served.

A turkey shoot at Jim Hanrahan's place on Grass Lake Sunday is another of the pre-Thanksgiving "doings."
